

RAIZOR (TC10RAIZOR)

Cutting system for large format tiles up to 10.9 ft. cutting length. The **TC10RAIZOR** includes two 5.2 ft. guides, cutting unit and cutting-off pliers (**TC5LFSPLT**).

The full RAIZOR cutting system is packaged in a resistant padded bag which protects and allows to carry the system easily. With adjustable compartments and pockets for storing personal items or small tools.

SCORING SOLUTION

Two connectible guides with cutting length of 5.3 ft. each and 10.9 ft. combined. Made of extruded profiles with 3-stain-free suctions.

Suction cups prevent the cutting guide from moving during scoring for maximum precision. Handles for suction can perform at 180° as to not interfere with cutting.

The cutting unit is a fine adjusted system allowing perfect coupling between the cutting and the guide. Die-cast with wolfram carbide wheel Ø $\frac{5}{8}$ " and pin.

HANDLES

Re-designed handles perform at a 180° to accommodate to cutting clearance.

SUCTION

Three (3) stain-free suction cups per guide prevents the cutting guides from moving during the scoring ensuring maximum precision.

CONNECTION

The guides, made of extruded aluminum profiles, connect to each-other or its extension with a pin-and-hole system. A total length of 15ft.

TC3EXTRAIZOR

Cutting system extensions 3.4 ft. in length equipped with two (2) stain-free rubber suction cups $\varnothing 3\frac{1}{2}$ " and connecting system.

TC16CRW

Replacement scoring wheel for RAIZOR scoring unit. This will fit on any older version of the scoring wheel.

TC5LFSPLT

Cutting-off pliers for tile/slab with maximum thickness of $\frac{1}{4}$ "

TCLFPLT

Cutting-off pliers for tile/slabs thicker than $\frac{1}{4}$ ". Sturdy galvanized steel with a knob to apply progressive and precise pressure on the scoring line.

PACKAGE

The system is packaged in a resistant padded bag which protects the product and makes it easy to carry around. The padded bag has a shoulder strap and provided with inside modular compartments and pockets.
